Step 1: Choose A Topic

You cannot start writing if you have not chosen the topic yet. If you are unable to brainstorm ideas, it would be better to seek assistance from a professional essay writer. Keep in mind that the topic is the first and most important thing readers interact with. It must be good enough to make the readers want to read more.

Step 2: Compose The Essay

Before you start writing, think about the essay composition. Almost all type of essay consists of three paragraphs: introduction, body, and conclusion. You can also create an outline to jot down all the ideas before the actual writing process.
